Dear Dr. Mojica and Alexandra,

We are pleased to inform you that you have been selected for the 2019 Provost's summer session of the student-faculty research program! *Congratulations!*

You both will be working together on your proposed project which will run from June – August 2019. The number of hours devoted to this project is completely up to you, and you are highly encouraged to submit your findings for possible publication, presentations, etc.

Dr. Mojica – an honorarium of \$750 will be provided to you to be paid around late June. You may use that money for yourself, supplies, or whatever else you deem appropriate for your research project. We will ask that you prepare a short report on your student mentee's performance at the end of the summer. Alexandra – you will receive a total stipend of \$500 in the form of a check that will be mailed to you.

Each student in the program will be asked to do the following:

- 1) Submit two blog posts throughout the summer about their experiences, which will be posted on the website.
- 2) Read documents provided about scholarly research and research design/methodology.
- 3) Write a two-page report about your research at the end of the summer.

The program website will be updated to include information on all accepted projects and student-faculty teams in the coming weeks. Feel free to view it now for past projects and photos from previous research showcases. It can all be found at: <http://www.pace.edu/office-student-success/programs-current-students/undergraduate-research-initiative>.
