Date

Dear Dr. Elmer-Rico E. Mojica and Ms. Alexis Javornik,

On behalf of President Friedman and Provost Sukhatme, we are pleased to inform you that you have been selected for the 2015 summer student-faculty research program! *Congratulations!*

You both will be working together on this proposed project which will run from June – August 2015. (The number of hours devoted to this project is completely up to the two of you.)

An honorarium of \$750 will be provided to you, paid around late June. You may use that money for yourself, supplies, or whatever else you deem appropriate. The student will receive a total stipend of \$500. You are highly encouraged to submit your findings for possible publication, presentations, etc. Finally, we will ask that you prepare a short, report on your student mentee's performance at the end of the summer.

The undergraduate student-faculty website (www.pace.edu/ugresearch) will be updated to include information on all accepted projects and student-faculty teams. (Feel free to view it now for past projects and the most recent research showcase!)

Students will be asked to do the following: 1) submit two blog posts throughout the summer about their experiences, which will be posted on the website; 2) read documents about scholarly research and research design/methodology; and 3) write a two-page report at the end of the summer.

(over, please)
