Dear Dr. Elmer-Rico E. Mojica and and Mr. Tyler Nolan,

Congratulations! You have been selected for the Provost's Undergraduate Research Program for the 2017-2018 academic year. **\*\*You will be receiving a link from Adobe Sign to your Pace email, which contains your UGR acceptance form.\*\*** **Please provide both e-signatures.** Your e-signatures will be automatically sent to us, but you also have the option of downloading a signed copy of the document for your records as well. Alternatively, you can return a signed copy of this letter to the Office for Student Success, room Y-21 of One Pace Plaza, to indicate your acceptance of the award and your understanding of the terms. (You can also provide hand signatures and scan or take a photo of the form, and send it to [success@pace.edu](mailto:success@pace.edu) if you prefer.) All signatures are due **Monday, September 4, 2017**. You will also be receiving specific logistical information including important dates for the program.

Additionally, I'd like to share information on two very exciting programs!

- As a Pace student, you have exclusive access to a robust network of alumni who are eager and willing to connect with you and offer their expertise in helping you be successful personally and professionally. The **Alumni-Student Mentoring Program** is a unique opportunity for you to form meaningful and lasting relationships with alumni who are passionate about helping students like you discover and explore opportunities beyond the campus walls. **As a program participant, you'll work with a mentor of your choosing to assist you with academic guidance, networking, career advice, and personal development.** Mentoring can take many forms. Whether you want to connect once over coffee or video chat, or prefer to establish a deeper long-term mentoring connection—Pace has you covered! Opportunities to interact with alumni mentors will include activities such as virtual chats, in-person discussions, on-campus mixers, roundtables, and workshops. Please contact Mr. Dana Burr, Director of Alumni Relations, at [dburr2@pace.edu](mailto:dburr2@pace.edu) for more information.
- Also, there is an opportunity for an external research funding through the **Sigma Xi Grants-in-Aid of Research (GIAR)**, where students pursuing a research project can receive up to **\$1000** to purchase equipment, supplies, fund travel to the research site, etc. There are two deadlines per year, **October 1 and March 15th**. For more information, please visit <https://www.sigmaxi.org/programs/grants-in-aid>.

We are excited about your participation! If you have any questions, please do not hesitate to contact me.

Best,

**Jenny Irwin**
